2. Due to the high occurrence of part number changes as a result of parts obsolescence and manufacturing design improvements, part number changes from the items stated herein are acceptable without contract modification in order to process DD250's for prompt delivery, receipt and payment. This shall apply only to part number rolls and class II changes where form, fit and function are not altered.

3. Except as modified above, all other terms and conditions remain unchanged and in full force and effect.
