We respectfully request information regarding the refund of duties payable to the importer Spectrum Mills, LLC against entry EJD-0011273-9. This entry liquidated with refund on April 19, 2013 in the amount of \$1827.76 plus \$31.09 in accrued interest for a total refund of \$1858.85. 2013F35523	No	(b)(6)	I need a prof that I left the US within the authorized period of stay issued in my I-94 which I am not sure I returned when I left the US in June 18th 2004. I tried to retrieve the I-94 information but unsuccessfully. I do remember that when I entered the US (by air - Delta Airlines) at the port of entry in the international airport in Atlanta/Georgia I was given a 6 months period of stay which was issued on my I-94. Since I do not have it with me because I believe I returned it/or not when I left the US I cannot prove that I left the US legally. The last time I was in the US was for only 5 months, returning to my home country (Brazil) one month before the I-94 expiration date. In 2011 I filled a petition within the Canadian Consulate in Brazil for a tourist visa to enter Canada for 1 month and I was informed that I had an unauthorized stay record in the US for my surprise. I last went to the US in 2004. In Feb. 17th 2004 I entered the US from a direct Delta flight from Brazil, and with a valid passport and 5 year B2 visa, I was given on the I-94 form a 6 month period of stay at the port of entry. I left the US on July 2004 which was a month before my I-94 authorized period of stay expired, which I remember it was August 2004 the expiration date. I do not understand why the Canadian Consulate rejected my visa petition and denied it, informing that I could not prove I left the country within the authorized period of stay. They have informed me only that I lived unauthorized in the US and I need to prove this is not correct information. I stayed in the US only for 5 months on my last visit to the US and my I-94 gave me 6 months period of stay. I wonder if the US border office does not have my I-94 returned, or if there is a misunderstanding on the date issued on the I-94	9/6/2013	-

2013F35673	No	(b)(6)	<p>I am a US Citizen requesting a record my entries to the United States for the period from March 29, 2008 through to the date you process this request. All of my entries to the US have entailed processing through a US Border Checkpoint. This is my second follow-up request. My request on 25 February 2013 remains outstanding as I have not received a response. My full name is I was previously known as . My date of birth is . My address is: My daytime telephone number is : . I made a FOIA request last July (File 2012F26634) in connection with renewing my Canadian Permanent Residence card. I now seek to update that for the period from March 29, 2008 to the date you process this request. It shows that an APIS Inquiry was made on April 25, 2010 at Vancouver International Airport (although the result was withheld). My records indicate that I was at my home on Salt Spring Island during that period. As a result, in the updated FOIA report I am now seeking, I request that the April 25, 2010 entry either be struck (as it did not involve travel to, through or from the United States, as those are the limits of this request) or that there be an indication in your response that this APIS Inquiry either (a) did not entail entry to, travel within or a departure from the United States, or (b) is not conclusive of travel to, through or from the United States. This entry appeared on page 11 of that prior response (I attempted to attach it here, but that request was not accepted by your</p>	9/6/2013	-

As I have international responsibility, I have traveled a lot in the past 5 years. During one of my trips to Europe, I have my computer bag and passport stolen losing the possible source of information. With that it will be impossible to provide that information to USCIS. I also tried Continental / United Airlines as 90% of the times I use Continental / United for my trips, but unfortunately they will not be able to help as well. So. you guys are the only hope I have to get a report, through the immigration department, showing every time I left the country and when I came back. I will be able to track where I traveled to, then. Appreciate your help. Thanks</p>	9/11/2013	-

He said I will need proof of her leaving the US. We still have her passport but there is nothing stamped. We need to prove her exit. I kept the airline tickets from that day so I will present you with the information and it will hopefully guide you to her exit information. Her name is we traveled together with our sons and . 2013F36144	No	(b)(6)	Trying to retrieve entry information. To whom it may concern, I, have been trying to retrieve my entry information. I'm aware that because of my very vague memory of the exact day of arrival it has become a very complicated matter. I do know however that the information is available it is just a matter of remembering the exact day. I arrived at JFK airport in August 1987 from ANU on I believe American Airlines Flight 667. I have tried several dates in the past I am now submitting, 08/06/1987 also 08/13/1987. I arrived here using a visitors visa issued in Antigua. I at that time being a student might have written the date on I-94 application 06/08/1987 or 13/081987. Being in Antigua we usually write day before month. Another factor I'm considering is my name may be spelt incorrectly, My name as it appears on all legal documents is . 2013F36307	No	(b)(6)	I am writing not to complain, but to request assistance on a particular matter. I arrived at JFK airport Saturday afternoon of the 24th August 2013 and was held at the security and customs section in a queue of over 2 hours long. Given that this hold up prevented me from attending a pre-booked event, I therefore require proof from yourselves to provide to my insurance company that this incident occurred. A simple response to this message stating that this was the case would be sufficient enough. I have contacted JFK customs and security by telephone and was told to submit a complaint through the website in order to obtain the necessary documentation. I was then diverted to submitting a request to yourselves after having contacted the CBP Info Centre. Please do not hesitate to contact me if you require any further information. I look forward to receiving a kind response in due course. Many thanks in advance and kindest regards	9/13/2013	-

2013F36337	No	(b)(6)	Hello, I am a SQ category GC holder.I was working until Dec/2012 as translator for the DoD as contractor. When I resigned in the Dec/2012 and came to home I was questioned and told by immigration custom personnel for a while. When i told them that i was DoD contractor, and just resigned and came home, they told me that there is something in your records, but we will work to clean it out of your record. But when I come back from a trip with my family same issue was repeated, and this time it took about 6 hours to come out of the immigration office. When i talked with the supervisor of the that office,he said still your record is not cleaned. I was really disappointed that for the last 9 years i worked for the DoD without a single incident or issue, and received awards, letter of recommendations, coins, and others from three, two,and one star generals. colonels, L Colonels, Majors, Cpt, and NCOs for my great performances, but still some one added something to my record. I don't see a single problem with my background so I am asking your respected department to send me a detailed information about my record. V/r	9/13/2013	-

2013F36446	No	(b)(6)	Request for the record about the admitted-until date (or D/S) of my last visit to the United States (My last entry date was June5, 2012). Dear Sir/Madam, My name is , and I am a citizen of . My passport number is . Right now, I'm in the process of applying for my new visa to the U.S.. However, I've encountered a problem upon my last visit. There is no admitted-until date (D/S) shown on my admission stamp (June5, 2012). Therefore, U.S. Consulate General of Guangzhou in China requires me to provide them with the information about the length of my stay permitted by CBP. I visited the U.S. several times in the past (2001-2002, 2007, 2008, 2011) and I have very good record. My last visit was from June5 to August15, 2012. On June5, 2012, I arrived at Atlanta Hartsfield Airport and from there I went through the CBP inspection checkpoint. My flight number was KE035, Korean Air. On August15,2012, I left the U.S. from the same Atlanta airport and the flight number was KE034, Korean Air. I tried several other options to obtain documents, but there was no solution available for me. Therefore, I am seeking your help. Could you please retrieve my record that can prove my stay in the U.S in 2012 was officially granted indicating that I didnt overstay in the U.S.? Your help is greatly appreciated. Please contact me by emailing to the following email address: If you need any further information or documents, please feel free to contact by email. 2013F36654	No	(b)(6)	To whom this may concern I am writing this complaint regarding my border crossing experience. I live at a border city and I am always active on crossing back and forth, being that I have a business for rent and family in Mexico that I visit often too. For the past times I have crossed, I have been sent to further revision and without the customs being able to explain to me why is that happening. During this time while they have been revising my car has been also suffering damages done by customs and I have asked to speak to a supervisor and they do not resolve my concern right and then. Since this has been happening continuously I have decided to ask for further information or my records on file to know the reason why this is happening to me, since it does not make a difference in what type of transportation I cross, also being that I have crossed by myself and with my family. Customs have behaved in an unprofessional manner and would really appreciate to be contacted or receive a response as soon as possible regarding this situation. In advance, thank you for your time and cooperation. Sincerely,	9/17/2013	-

2013F37097	No	(b)(6)	<p>Thank you for the opportunity to request information through FOIA. I have made this request because I applied for Global Entry and was denied. My application was denied stating: We regret to inform you that your membership in Global Entry has been disapproved for the following reason(s): You have been found to have violated CBP laws, regulations, or other related laws In 2003, you were subject to a CBP violation for possession of marijuana. I acknowledge that I was on a motor coach that had been stopped at the boarder between Canada and Washington in July or August of 2003. CBP did a search of the bus and found marijuana. The driver of the bus had a small amount of marijuana in his bag. Nobody else on the bus knew anything about it. Since everyone denied knowing about it, the driver of the bus was held accountable for it. I don't recall signing anything admitting guilt or acceptance of breaking the law in regards to this matter. After getting a Global Entry letter of denial I was very surprised to understand this was the reason. If it's possible to provide me with any details regarding this incident it would be greatly appreciated. All CBP records for from July 1st - September 1st, 2003. Please include any infractions, violations, or any additional comments or notes regarding my previous entries into the U.S. during the time frame mentioned. My personal record and the trust given to me by the U.S. government are extremely important. I want to make sure I understand my position in order to be truthful at all times. If anything is needed from me for this request please feel free to contact me anytime.</p>	9/23/2013	-
